

1. Monitoring (Limited Sandbox Permission)

The screenshot shows the Google Cloud Monitoring Overview page. The left sidebar contains navigation links for Overview, Dashboards, Application monitoring, Explore, Metrics explorer, Logs Explorer, Observability analytics, Trace explorer, Cost explorer, Detect, Alerting, Error reporting, Uptime checks, Synthetic monitoring, SLOs, and Configure. The main content area is titled 'Overview' and shows a progress bar for 'Set up your project's observability' at 0% complete. Below this, there are four cards: 'Alerts' (Data temporarily unavailable), 'Services with SLO out of budget' (Data temporarily unavailable), 'Failed uptime checks' (Data temporarily unavailable), and 'VMs with ops agent' (Data temporarily unavailable). A 'Predefined' section shows a message: 'You're viewing the predefined dashboard because you need the following permission(s) to load the customised dashboard. All of: monitoring dashboards.get, monitoring dashboards.list'. A 'Get started with Cloud Observability' section provides a brief overview of the service.

2. Logging (Limited Sandbox Permission)

The screenshot shows the Google Cloud Logging Logs Explorer page. The left sidebar contains navigation links for Overview, Dashboards, Application monitoring, Explore, Metrics explorer, Logs Explorer, Observability analytics, Trace explorer, Cost explorer, Detect, Alerting, Error reporting, Uptime checks, Synthetic monitoring, SLOs, and Configure. The main content area is titled 'Logs Explorer' and shows a search bar with 'logging' entered. Below the search bar, there are filters for 'All resources', 'All log names', 'All severities', and 'Correlate by'. A 'Sample queries' section shows a query: 'Start writing a query using LQL (logging query language)'. A 'Fields' section shows a message: 'Permission denied. Review your IAM permissions or contact your admin. Try again'. A 'Timeline' section shows a timeline view with a message: 'Permission denied. Review your IAM permissions or contact your admin. Try again'. A 'Results' section shows a table with columns 'Severity', 'Time', and 'Summary', and a message: 'Permission denied. Review your IAM permissions or contact your admin.'.
